

Our "republic" calls for, and, in fact, is dependent upon public debate and input. PLEASE delay the vote on this important issue so that the will of the PEOPLE can be made part of it. The "PEOPLE" must be allowed a REAL PUBLIC DEBATE on this issue of massive importance. These are "OUR airwaves" not yours, MR. Chairman and NOT the Broadcasters to do with as YOU please. The "PEOPLE" WILL NOT forget the decision YOU make! Decide wisely!
